## SUPPORTING STUDENTS

### Educator Initiative Grants

Ms. Beaulieu at Fox Hollow Elementary used funds from her EIG to help non-verbal students in her special needs class. By

funding iPads for students to do classwork and communicate, students are learning, connecting, and thriving! This is one of hundreds of ways that educators are supporting students in innovative ways through a CCSF grant.

### Summer Leadership Academy

The CCSF is proud to help fund the second year of Cherry Creek School's Summer Leadership Academy and Anti-Violence

Initiative. It offers a transformative multi-week experience for CCSD students affected by violence and crime in our community, helping them re-engage with education and their community while preventing youth violence through a grassroots approach.
